Hi Tim,

Our travel plans are still intact for next week. If anything changes between now and next Tuesday (and I very seriously doubt that there will) I will contact you immediately.

From EPA there will be me and Javier Garcia. It is my understanding that from NCDEQ there will be Mark Wilkins, Brent Burch, Jeff Menzel, Sean Morris, Kim Caulk, and Richard Concepcion.

Sincerely,

John

John,
I just left a VM for you. I want to make sure that your travel plans for next week are still intact and haven't changed due to matters involving the virus. Please confirm this in an email or call me.

I'd also like to know the number of folks that will attend, just to be sure we plan for conference room accommodations at the Mooresboro plant for our meeting.

Thanks John,
Tim

Subject: AZP Response to ISR Work Plan Comments, Mooresboro, NC

Dear Mr. Basilone and Mr. Coop,

The US EPA and the Hazardous Waste Section of NCDEQ have reviewed AZP's response to comments on the ISR Workplan. We are satisfied with the responses and have no additional comments. As stated in a letter dated January 23, 2020, in which you were given conditional approval of the ISR Work Plan, the ISR Report is due no later than March 23, 2020.

We would also like to confirm the site visit to the AZP Mooresboro, NC facility for March 10 and March 11, 2020. Our goal is to arrive at the facility at about 1:00 PM on Tuesday, March 10. As requested in a February 12, 2020, email from Mr. Coop, each person will provide their own personal protective equipment (steel-toed boots/shoes, hard hat, safety glasses, long sleeved shirt, and a reflective vest or jacket) in order to comply with the plant's safety protocols.

If you have any questions concerning our review or the upcoming site visit please do not hesitate to contact me.

Sincerely,

John E. Johnston
